“OEMs have tried to monopolize their components and escalate prices, and they cannot meet time constraints. CPC recognizes the financial constraints of our departmental budgets and lead-time on delivery.”

– Maryland Department of Public Safety and Correctional Services

Now that CPC is on the scene, you have what has been lacking in the industry for 100 years – manufacturers, not distributors, competing for your replacement business. We manufacture our locks and replacement parts to meet or exceed the OEM specs. Customers from small county jails to large federal penitentiaries rely on CPC to serve them with the superior pricing, product selection and fast delivery they need. Take advantage of real choice. Give us a call at (800) 580-2820.

Q&A

What do you mean when you say you offer "true competition"? Manufacturer vs. manufacturer, fighting for your business. As a manufacturer, we go head to head with the OEMs, providing a choice to customers who want better quality, pricing and customer service. OEMs and their distributors giving you multiple quotes is not true competition.

How do I know CPC has the parts I need? We manufacture and stock parts for virtually every brand – Folger Adam, Southern Steel, Brink, Stewart Decatur, Willo, Adtec, Airteq, you name it. Our inventory is so large, we've built a brand-new 18,000 square foot corporate office and warehouse to hold it all.

Does CPC offer a guarantee? Yes. A 100% money-back guarantee on every item purchased from us. Your satisfaction is the sole purpose of our transaction.

The guys who own the place run the place. Brooks Wooten (left) and Christian Hunter own CPC, but they know who the real boss is: the customer. Want to talk to someone in charge? Give either of them a call anytime. They like nothing better than talking to customers. In fact, they spend considerable time in the field, visiting facilities and learning how to serve customers better.

★ **RESPONSIVENESS** Don't wait days for a quote and weeks for a part. Call CPC and get the parts you need. The Tennessee DOC awarded us a multi-year contract to provide retrofit locks and lock remanufacturing services for Folger, Southern, RR Brink and Adtec applications. We're proud to be their choice, and we'd like to be yours too.
