

Focus

When it's your job to keep a facility's detention locks and sliding doors up to snuff, you need and deserve the best help you can get. That's why supplying facilities with detention locks and parts isn't just one thing CPC does. It's the only thing we do.

We don't stay afloat by selling unrelated products. Industry distributors typically dabble in commercial hardware, no-shank toothbrushes, flipflops and who knows what else. Not CPC. You and your detention hardware needs are our sole focus. **Call us at (800) 580-2820.**

“As an end user of Folger Adam, your lead time and prices were better, which in today’s tightening state budget will make getting parts a little easier. I also found the quality control of your locks and parts to be of superior quality to that of Folger Adam”

– Rhode Island Department of Corrections

Our focus on serving existing facilities makes your job easier. At CPC there are no big-budget new-construction customers taking priority, no unrelated product lines distracting us. We’re specialists. We manufacture detention locks and parts as direct replacements for the OEM products. As manufacturers, we know every part and product line inside and out. And we also know that you can’t afford to have a lock out of commission for long. That’s why we keep a massive inventory of parts in stock and deliver your orders fast. There’s simply no reason not to take advantage of our responsive service. Call us.

Built to Last a Life Sentence.™

Corrections facilities from coast to coast have tested our products.

CPC meets the toughest standards.

Q&A

What's the advantage of ordering from someone whose sole focus is detention hardware? You're not a sideline for us, you're our whole business. As specialists, we focus on the unique needs of existing facilities. And we meet those needs with the fast service, guaranteed quality and competitive pricing you need to keep things up and running.

Can I be sure you'll have what I need? You bet. We're about to move into a new warehouse that'll make our huge inventory even bigger. Even if a part is no longer made, call us. The Kansas DOC awarded us a \$175K contract to provide 24-volt drive motors and roller assemblies for an early model Airteq rack & pinion slider.

Do you back your parts? All the way. We manufacture and stock parts for virtually every brand and back every item with a 100% money-back guarantee.

CPC's owners are focused on serving you. Brooks Wooten (left) and Christian Hunter own CPC, but they know who the real boss is: the customer. Want to talk to someone in charge? Give either of them a call anytime. They like nothing better than talking to customers. In fact, they spend considerable time in the field, visiting facilities and learning how to serve customers better.

RESPONSIVENESS Don't wait days for a quote and weeks for a part. Call CPC for fast service.

COMPREHENSIVENESS We manufacture and stock parts for any brand of detention locks and sliding doors.

TRUST Customers have put us to the test and found that CPC meets or beats OEM quality.

INNOVATION Got a challenge? We can solve problems distributors can't and the OEMs won't.

FLEXIBILITY Buy a new lock, or ship us the old one for remanufacturing.

MONEY-BACK GUARANTEE We stand behind every item purchased from us.

ACCOUNTABILITY The guys who own the place run the place. They never forget who the real boss is:
the customer. Call us toll-free at (800) 580-2820.

The Georgia DOC awarded us a contract to supply motor drive assemblies for Southern Steel MOL kick release sliders - a retrofit challenge we could solve because we're focused exclusively on existing facilities' needs.

Let us know how we can serve you.

Brooks Wooten, Co-owner
