Q&A

What makes CPC more responsive than OEMs? We recognize the seriousness of the situation when you have a lock out of commission. We believe in giving the kind of service we appreciate ourselves. And we've put our money where our mouth is. To ensure responsiveness, we've invested heavily in inventory. You see, we never forget that when you need a part, you need it now.

How do I know you'll have what I need? We manufacture and stock parts for Folger Adam, Southern Steel, Brink, Stewart Decatur, Willo, Adtec, Airteq, you name it. And to make a big inventory even bigger, we built a new, 18,000 square foot facility in 2005.

Do you back your products? To the hilt. Every item purchased from us is backed with a 100% money-back guarantee.

The guys who own the place run the place. Brooks Wooten (left) and Christian Hunter own CPC, but they know who the real boss is: the customer. Want to talk to someone in charge? Give either of them a call anytime. They like nothing better than talking to customers. In fact, they spend considerable time in the field, visiting facilities and learning how to serve customers better.

RESPONSIVENESS Don't wait days for a quote and weeks for a part. Call CPC for fast service.

COMPREHENSIVENESS We manufacture and stock parts for any brand of detention locks and sliding doors.

TRUST Customers have put us to the test and found that CPC meets or beats OEM quality.

INNOVATION Got a challenge? We can solve problems distributors can't and the OEMs won't.

FLEXIBILITY Buy a new lock, or ship us the old one for remanufacturing.

MONEY-BACK GUARANTEE We stand behind every item purchased from us.

ACCOUNTABILITY The guys who own the place run the place. They never forget who the real boss is:
